**Denali KidCare Notice Print Delay**

Denali KidCare (DKC) notices set up by workers on Friday and Saturday and scheduled to print this morning, February 10, will be delayed due to non-receipt of new stock.

The DKC notices dated February 10 will be printed and mailed tomorrow, February 11.

All DKC notices set up by workers today will be printed and mailed tomorrow with the date of February 11.

Regular EIS system notices are not affected by this problem.

We will send another broadcast if DKC notices are not mailed tomorrow.
